

Chapter 2 Foldable Project

You will be creating a foldable to summarize what you learned in chapter 2. You will create a 10 tab foldable (we will make it together in class) and you will fill it with pictures, drawings, and writings from our studies of Ancient Egypt and Kush. You will need your textbook and spiral notebook to complete this project.

You will be graded on the content, pictures, color, and the effort you put into the project. Foldable should be very colorful. Please use only colored pencils (no markers or pens). Each section should be completely filled with pictures and text. Use the chart below to complete your project. The “Ideas” section includes suggestions for what to write and draw, but you can include anything you believe is important, including information you find in other sources, such as other books or the internet.
